University of Bojnord

- Teaching OOP in Java.
- Troubleshooting.

Education

2018 - Present
Bojnord, North
Khorasan , Iran

B.Sc Computer Engineering

University of Bojnord

- Fundamentals of Computer Science
- Networks and Database
- Programming Languages (Java, Python, C++)

Skills

Programming

Python

Machine Learning

Web Scraping

Git

Diango

PyQt

Database

PostgreSQL

MongoDB

Redis

Language

English

Volunteer experience

2018 - 2020

Member of ICPC club

Ravens

- A club to organize and synergize students' programming activities. We hold weekly ICPC prep sessions for 20+ students who are passionate about programming.

2019 - Present

Students' Scientific Association representative of the Department of Computer Engineering

University of Bojnord

- As the liaison between students and the university faculty and staff, I work to address educational, social and financial challenges faced by the student body. Planned and held several student programming workshops and friendly meetings.
